MAKING WAY FOR A NEW GENERATION OF UNION ACTIVISTS

NEXT GENERATION UNION LEADER WEEK

This annual event is an opportunity to celebrate the next generation of union activists. Unions are invited to organize activities to welcome, prepare, and introduce members of the next generation of union activists.

NEXT GENERATION CAMP

This event offers training, practical workshops, and themed workshops on important union and social issues. It is also an excellent opportunity to learn more about the history of our Centrale, its values, structure, and operations.

As a place to network and exchange, the camp welcomes some 80 delegate members of a committee or democratic body who have been in their positions for less than three years. To learn more: releve.lacsq.org.
