The Établissements verts Brundtland (EVB-CSQ) movement is unique in the world. For 25 years, it has educated and encouraged thousands of young people to create a sustainable future by fostering ethics of hope such as environmental values, non-violence, solidarity, and democracy.

Since 1993, more than 1,500 institutions, from early childhood centres to universities, as well as many other organizations, have joined the EVB-CSQ movement.

**PEDAGOGY OF HOPE**

The educational activities and materials provided are designed by the CSQ and its partners. In particular, they offer young people and adults:

- Youth engagement days
- Turnkey activities
- Conferences and national sessions
- Various educational and pedagogical tools integrated in the school curriculum through project-based learning, cooperation, and awareness.

The EVB-CSQ movement gives young people and adults the power to effect change, and gives them hope for a social transformation of the environment.

**A GREAT SOURCE OF PRIDE**

The success and the reach of the EVB-CSQ movement are based on the CSQ’s unwavering support, the commitment of thousands of affiliate members and our federations, plus our association of retirees. Without a doubt, the EVB-CSQ movement continues to change the face of education in Québec!
WHY BECOME AN EVB-CSQ?

✔ Project funding
- Funding for various regional initiatives
- Exclusive funding for EVB-CSQ through the Fondation Monique-Fitz-Back
- Funding of youth engagement days
- Discounts on conferences and workshops offered by our partners

✔ Pedagogical materials
- Pedagogical toolkits related to the four values: democracy, environmental, non-violence, and solidarity
- A variety of documentation on the theme of education for a sustainable future (examples of educational projects, activity suggestions, skills development for various educational levels, etc.)
- A bank of turnkey activities according to educational level

✔ Training and support
- Free trainings on how to integrate EVB-CSQ values into an educational project
- Mentoring on how to adapt a pedagogical kit in class
- Accessible and inspiring conferences and national sessions
- Support from the EVB-CSQ movement and team to fuel your projects

✔ Being a part of the EVB-CSQ network is...
- The power of solidarity, along with environmental, peaceful, and democratic change in communities
- An established network in Québec's 17 regions supported by our committees
- A common vision of education for a sustainable future
- Recognizing the strength in collective actions and daily gestures

ALL OF THIS AND MORE TO MAKE TODAY’S UTOPIA TOMORROW’S REALITY.
