BACK

INTERNATIONAL WORKERS' DAY

OUR RIGHTS UNDER ATTACK WE'RE FIGHTING BACK!

Workers, pensioners, the unemployed, students, community groups, advocacy organizations, people of all ages and all origins: UNITE! Join the May Day demonstration in Montréal on May 2, 2026.

The CAQ is attacking our rights relentlessly.

With anti-union laws. With policies that are disastrous for the most vulnerable workers. With a do-nothing response to the housing crisis. With deep cuts to public services and social programs. With privatization.

The CAQ is demolishing what we have built.

Our social safety net is being shredded by the CAQ's policies. Instead of trying to preserve social protections, this pro-business government is making decision after decision that impoverishes us all and striving to gag its critics.

The CAQ is slashing budgets for public services and spurring the growth of the private sector. For the public, it means an uphill battle to access vital services. For the workers who deliver those services, it means dismal working conditions. Free, accessible, universal social services and programs are key to ensuring that everyone can live in dignity.

Now more than ever, we need to keep up the pressure to repel this government's attacks on our rights and prevent it from doing more damage to our social safety net.

Together, we're fighting back!

SATURDAY MAY 2 2026 | 13 H

**IN FRONT OF THE STATUE
OF GEORGES-ETIENNE CARTIER**

4200 PARC, MONTRÉAL
